# Founder & CEO

JASON ANDERSON

I am a lifelong learner, passionate about my family and friends, the outdoors, traveling, adventure, and trying to make a difference in people's lives. I grew up in Minnesota with a dream of flying and serving in the military. In 2012 that dream came true and I set off to fly AH-64D Apaches in South Korea, North Carolina, Afghanistan, Colorado, and Europe. My experience in the military ignited my deep passion for servant leadership. That combined with a mind for entrepreneurship led me into real estate. Every aspect of VeteranPCS has been designed with serving others in mind. I am highly passionate about this company, our team, and building a business with integrity and trust at its core. This is military families helping military families move.

## How VeteranPCS Started

“

VeteranPCS was created to be different. A site dedicated to equally serving the agents as much as the military families going through a PCS or move.

*Jason Anderson*

VeteranPCS was created to be different. A site dedicated to equally serving the agents as much as the military families going through a PCS. A site that is open to anyone to use but features only veterans and military spouses now working as agents. No need to sift through reviews or stars, every agent on here has been recommended by military families that bought or sold a house through them.

VeteranPCS charges no annual or monthly fees. We simply collect a small percentage of the commission and then give back to both the military family as well as non-profits and charities.

COLOR VARIATIONS

## COLOR PALLET

The VeteranPCS logo uses a bold, patriotic-inspired color palette:

- Red represents service, sacrifice, and dedication.
- Blue reflects trust, stability, and professionalism.

Together, these colors reinforce VeteranPCS's commitment to the military community while remaining welcoming and modern.
